ABC Public Relations

The ABC Texas Gulf Coast 2020 Holiday Food Drive donation presentation was held on January 27th with Lisa Owsley of The Food Basket and Christy Frey of Brazosport Cares Food Pantry. Thanks to the generosity of ABC Members, more food was collected than ever before, as well as monetary donations totaling \$1,200. The pantries reported this has been one of their toughest, yet most innovative years yet. Brazosport Cares has added food service to seniors confined to their homes due to COVID. Please continue to remember our food pantries throughout the year. Pictured below is a portion of the donated food with members of the ABC Public Relations Committee and representatives from each pantry. Both expressed their appreciation to the ABC members!

ABC Craft Training / Workforce Development

The Brazoria County Petrochemical Council (BCPC) Student subcommittee is currently seeking contractor and owner companies who are willing to make hiring commitments to successful candidates selected from the CTE Signing Day pool of applicants. Working together with the school's career and technical education (CTE) programs and the BCPC, potential employers will have the opportunity to select pre-qualified seniors for full time positions after graduation. These students are also eligible for an ABC Construction Education Scholarship to aid them in furthering their education to continue to enhance our growing workforce. If you would like more information about this program or would like to sign up to as a hiring company please contact Kelley Cope at 979-824-7362 or kcope@abctxgulfcoast.org

Upcoming OSHA #511 Class!

OSHA #511 Occupational Safety & Health Standards for the General Industry
 30 Hours | \$595
 Classes will be held April 27th– April 30 (Mon - Thurs) from 8:00 a.m. - 5:00 p.m.

OSHA Training Institute Education Centers®
 The University of Texas at Arlington

This course covers OSHA Standards, policies, and procedures in general industry. Topics include scope and application of the OSHA General Industry Standards, general industry principles and special emphasis on those areas in general industry which are most hazardous. Upon course completion students will have the ability to define general industry terms found in the OSHA General Industry Standards, identify hazards which occur in general industry, locate and determine appropriate OSHA General Industry Standards, policies, and procedures, and describe the use of OSHA General Industry Standards and regulations to supplement an ongoing safety and health program. **Note: Participants present a government-issued photo ID in order to attend this training.**

Associated Builders & Contractors is not an OTI Education Center, but serves as a host training organization for the University of Texas at Arlington OSHA
